

# CONSTRUCTION ALERT

State Road (SR) 823/West 4 Avenue/NW 57 Avenue  
Drainage work on west side of West 4 Avenue and West 49 Street

FIN # 249941-1/5-52-01  
Project Began: October 2012

## UPCOMING CLOSURE

Starting at 9 p.m. on Saturday, March 23, 2013, access will be blocked for approximately one week along the west side of the intersection of West 4 Avenue and West 49 Street over the canal. A detour will be used to guide drivers around the work continuously while the contractor installs several large drainage structures and pipe within the canal and across the roadway. Northbound and southbound traffic along West 4 Avenue and the frontage road will remain open at all times. Access to businesses will be maintained at all times.

## WHAT TO EXPECT

Drivers going eastbound on West 49 Street who wish to continue east will have to:

- Turn south West 8 Avenue
- Turn east on West 40 Place
- Turn north on West 4 Avenue
- Turn east on West 49 Street

Drivers going westbound on West 49 Street who wish to continue west will have to:

- Turn north on Palm Avenue
- Turn west on West 53 Street
- Turn south on the West 4 Avenue frontage road
- Turn west on West 49 Street

## AFFECTED MUNICIPALITIES

City of Hialeah

## BACKGROUND

This work is part of the overall improvements along SR 823/West 4 Avenue/NW 57 Avenue, underway from West 23 Street to West 54 Street in the City of Hialeah. The projects began October 2012, are estimated to last through March 2015 and have an estimated cost of almost \$40 million.

## HELPFUL TIPS

- Allow extra time to reach your destination
- Obey all posted signs and speed limits
- Watch for signs with information about upcoming work and traffic conditions

## ALWAYS PUT SAFETY FIRST

For your safety and the safety of others, please use caution when driving, walking or biking around any construction zone.

Wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes.

The department takes steps to reduce construction effects, but you might experience the following around the work site:

- Side street, travel lane and sidewalk closures
- Increased dust and noise
- Workers and equipment moving around the area
